

500GB, 1TB, 2TB, 4TB\*

## SanDisk Extreme® Portable SSD

Accelerate every move with SSD performance

### Highlights

- Fast NVMe™ solid state performance in a portable, high-capacity drive
- Nearly 2x as fast as our previous generation
- Three-meter drop protection, IP65 water and dust resistance, x-ray and shock proofing<sup>3</sup>
- Handy carabiner loop to secure the drive to your belt loop or backpack
- Keep private content private with the included hardware encryption<sup>2</sup>
- Compatibility with a range of USB Type-C™ smart phones for fast, easy backup
- 5-year limited warranty<sup>1</sup> and a durable silicon shell for added protection
- From SanDisk®, a brand trusted by professional photographers worldwide

Your life's an adventure. To capture and keep its best moments, you need fast, high-capacity storage that accelerates every move. With up to 1050MB/s\*\* read and 1000MB/s\*\* write speeds, store your content and creations on a fast drive that fits seamlessly into your active lifestyle. Up to three-meter drop protection<sup>3</sup>, with IP65 water and dust resistance<sup>3</sup>, a carabiner loop for securing the drive, and a 5-year limited warranty<sup>1</sup> give you the peace of mind to take it with you on travels near and far. From a brand trusted by professional photographers, the SanDisk Extreme® Portable SSD provides fast solid state performance in a tough, reliable storage solution.

# SanDisk®

At SanDisk®, we're expanding the possibilities of data storage. For more than 25 years, SanDisk's ideas have helped transform the industry, delivering next generation storage solutions for consumers and businesses around the globe.

Western Digital Technologies, Inc.  
951 SanDisk Drive | Milpitas | CA 95035 | USA

Western Digital Technologies, Inc. is the seller of record and licensee in the Americas of SanDisk® products.

\* 1GB = 1,000,000,000 bytes, 1TB = 1,000,000,000,000 bytes. Actual user capacity less.

\*\* Up to 1050MB/s read speed, up to 1000MB/s write speed. Based on internal testing; performance may be lower depending on host device, interface, usage conditions and other factors. 1MB = 1,000,000 bytes.

<sup>1</sup> [www.sandisk.com/wug](http://www.sandisk.com/wug).

<sup>2</sup> Password protection uses 256-bit AES encryption and is supported by Windows 8, Windows 10 and macOS v10.9+ (Software download required for Mac, see [www.sandisk.com/secureaccess](http://www.sandisk.com/secureaccess).)

<sup>3</sup> Based on internal testing. IPEC 60529 IP 65: Tested to withstand water flow (30 kPa) at 3 min.; limited dust contact does not interfere with operation. Must be clean and dry before use.
